

**Embassy of India
Djibouti

**Mid-Career Specialized Medical Training Programme for
Djiboutian Doctors**

The Embassy sent 03 Djiboutian doctors to India for 4-week mid-career specialized medical training programme at Fortis Hospital, commencing from 5th August to 24th August 2019 under India Africa Forum Summit-III programme. Dr. Nasser Khaireh Amoud was selected for training for Critical Care at Fortis Gurgoan; (ii) Dr. Osman Ibrahim for Pediatrics at Fortis Gurgoan; and Dr. Barkad Ali for Interventional & Pediatric Digestive Endoscopy at Fortis, Shalimar Bagh, New Delhi.

2. This was a fully paid short term specialized training programme offered by Ministry of External Affairs, Government of India to support Djibouti in creating capacity building and skill development in the field of medical. The Government of India offers many other short term training courses under IAFS and ITEC programmes.

3. The Djiboutian doctors expressed their deep appreciation for the opportunity provided to them and conveyed that they learnt intricacies of the specialized and critical healthcare in their medical field under the 4-week mid-career specialized medical training programme at Fortis Hospital in India.
